Madam/ Sir,

**Subject: BHEL India seeks response against Expression of Interest (EoI) for technology tie-up
for Resin Impregnated Paper (RIP) Bushing**

Season's best greetings from Bharat Heavy Electricals Limited (BHEL) India.

BHEL is a leading state-owned company, wherein Government of India is holding 63.17% of its equity. BHEL is an integrated power plant equipment manufacturer and one of the largest engineering and manufacturing organization in India, catering to the core infrastructure sectors of energy, transportation, heavy engineering industry, defense, renewable and non-conventional energy.

BHEL is looking for a technology partner for undertaking design, engineering, manufacturing, assembling, quality control, test, supply and repair state of the art Resin Impregnated Paper (RIP) Bushings. In this regard, BHEL has floated an Expression of Interest (EoI) seeking responses from technology owners willing to be associated with BHEL.

We have uploaded the EoI document at BHEL website (www.bhel.com) and the same is also available through the following link:

<https://bhel.com/expression-interest-eoi-technology-tie-resin-impregnated-paper-rip-bushing>

We seek your kind support in further circulation of the attached EoI document in your country of operation to the technology owning companies engaged in this area, so that BHEL can receive a wider response.

Thanking you,

Yours sincerely,

(Rajesh Kohli)
