

POWER OF THE PAST
FORCE OF THE FUTURE

BioAsia 2017

February 6-8, 2017, Hyderabad, INDIA.

In Partnership With:

POWER OF THE PAST
FORCE OF THE FUTURE

Over the past few years, India has seen unprecedented growth in the Life Sciences sector both as a producer of medicinal products and more recently as one of the world's most prominent market for healthcare products and services. The growth in the sector has been driven by significant investments and initiatives by both the public and the private sector. Given the multifaceted advantages across the Life Sciences value chain (R&D, Manufacturing and Commercial) supported by emerging regulatory environment, India has finally emerged. Now is the time for both local and global stakeholders to act together and leverage power of India to provide access to quality healthcare products to billions of people around the world. **With this context, the fourteenth edition of BioAsia will discuss the foundation and initiatives required to achieve this glorious future.**
