PRESS RELEASE

**INVESTOR FACILITATION CELL AND INTERACTIVE WEB-PORTAL UNDER THE
'MAKE IN INDIA' PROGRAMME**

The Government of India has launched the "Make in India" programme in September 2014 to stimulate the manufacturing sector and facilitate investments. The Department of Industrial Policy and Promotion (DIPP) has developed an interactive web-portal (www.makeinindia.gov.in) to provide a platform for investors and the business community to interact with the Government for information, clarification etc.

2. An Investor Facilitation Cell has also been created by DIPP in Invest India. This cell may be used for providing information, assistance and advice to potential foreign investors. Queries in respect of Make in India may be directed to this cell. The names and contact details of the officials of the cell are given below:
