MAKE IN INDIA MITTELSTAND!

**INVITATION TO MIIM WEBINAR**  
**“Digitization in Banking Trends in India”**  
**29 APRIL 2021, 10:00 TO 11:00 HRS CET**

MIIM Team cordially invites you for MIIM webinar on “Digitization in Banking Trends in India” to be conducted on 29 April 2021 from 10:00 to 11:00 hrs CET.

Emergence of new technology and its application in the banking industry has thrown up new opportunities. This paradigm shift in extent of digitization of financial services promises better customer service, risk management and regulatory oversight. Most importantly it has helped improve the penetration of banking services in rural India.

The webinar is designed to provide insights into how digitization has taken place in the Indian banking industry, in the last few years, on the back of government and central bank policies and reforms. It also throws light on how Deutsche Bank has accordingly aligned and modified its offerings for corporate banking clients. The detailed agenda will be shared as we move closer to the event date.

We are looking forward to welcoming you to the MIIM Webinar.
