MAKE IN INDIA MITTELSTAND!

INVITATION TO MIIM WEBINAR
“OVERVIEW OF INDIAN CHEMICAL INDUSTRY AND OPPORTUNITIES”
31 AUGUST 2021; TIME: 10:00-11:00HRS CET

MIIM team cordially invites you to a webinar on “Opportunities in Indian Chemical Industry” to be conducted on 31 August 2021 at 10:00-11:00 HRS CET (13:30-14:30 Hrs IST). The webinar is organised in association with MIIM Knowledge partner EAC.

Indian chemical Industry is a major contributor to the Indian economy, contributing ~7% of the country's Gross Domestic Product (GDP). India's chemical industry ranks 6th largest in world, and 3rd in Asia. The industry is going through a transformation stage owing to the demand across applications, intervention from the government to boost local production and because of geo-political shifts around the world.

This MIIM webinar aims to provide insights into investment opportunities in Indian chemical industry for European companies with respect to the size, trends and government initiatives to boost the sector. The detailed agenda will be shared as we move closer to the event date.

We look forward to welcoming you to the MIIM Webinar.
